Chapter 16. Study of Indiana Roads

IC 9-20-16-1

Report on condition of Indiana roads

Sec. 1. Before January 2 of each odd-numbered year, the Civil Engineering School at Purdue University shall report in an electronic format under IC 5-14-6 to the general assembly the results of a continuing study of the condition of Indiana's roads and streets as the condition may be affected by trucks and tractor-semitrailer combinations.
